

LOUISIANA PRIMA NEWSLETTER 2012

As the New Year starts we all are again making resolutions. It might be to lose that few extra pounds or to be more understanding to our spouse and children. Some of us will resolve to increase our contributions to our employer or agency. To that end, we all should remember one of the best resources available in Risk Management is our relationship in Prima. Our Organization has a wide range of material available to everyone in diverse subject matter. One of the most important resources is our membership. We have one of the strongest Risk Management organization is the nation and it is built on our members. There is literally hundreds of years of knowledge and life experience available to you, just by asking. Each year a directory is distributed with contact information of all our members. We are all happy to aid anyone seeking to advance their understanding of any Risk Management subject matter.

We also want to open a new channel for information sharing. Each month in our newsletter we would like to address any questions you might have regarding risk management or related topics. An article section will be designated for you to ask questions and request topics for review. All you have to do is send an email to Jim Cicala at Jcicala@lagoodwill.com and I will do my best to respond with research and information about your topic request. In this way, Louisiana Prima is making our resolution in 2012 to better serve our membership and add value to your participation.
